As a BAFTA award-winning Director with 15+ years of experience, I've delivered visually compelling work for top broadcasters (BBC, ITV, CH4, SKY), streamers (NETFLIX, PARAMOUNT+), and global brands (APPLE, RED BULL, PEUGEOT). My calm approach and keen eye for cinematic detail shape my philosophy, emphasising storytelling in Fact-Ent, Reality, Music, and Documentary. My experience helps bring out the best from a range of on-screen talent, from global stars to first-timers. Comfortable directing large-scale multi-cam setups to single-camera shoots—on location, in-studio, and virtual production. My creative versatility enables me to craft the look and feel for new formats, in addition to adapting established shows.
